EXPERIENCE

Software Developer (Remote)

Storiad - Book Marketing SaaS

04/2022 - Present Pasadena (USA)

- Led the redevelopment of Storiad's website, transitioning from WordPress to a custom-built platform using React, Laravel, and MySQL
- Engineered a robust backend architecture, ensuring efficient data management and smooth operation
- Successfully deployed the revamped website, resulting in a substantial user base expansion to nearly 1000 customers
- Partnered with a UI/UX team to design and implement a new, user-friendly interface using React, significantly enhancing the user experience
- Provided ongoing customer support, addressing technical issues and enhancing user satisfaction

PSYLEB

Mental Health Networking App

04/2022

- Developed a mobile application using React Native, Laravel and MySQL
- Enabled clients to log their moods, sleep hours, and notes for personal tracking
- Implemented features for clients to explore nearby psychologists on a map, view their profiles for reviews, and contact them
- Provided functionality for psychologists to access and track their clients' logs

FullStack Web Development

SE Factory

01/2022 - 04/2022 Lebanon

- Intensive full stack web development program covering cloud architecture, frontend and backend development, source control, web application security, in addition to soft skills, over 14 weeks of lectures, workshops, and projects

EDUCATION

Masters of Science in Clinical and Health Psychology

Bangor University

09/2018

Bachelor of Psychology in Beirut, Lebanon

Lebanese American University

07/2017

SUMMARY
