EXPERIENCE

Software Developer (Remote)

Storiad - Book Marketing SaaS

📅 04/2022 - Present 📍 Pasadena (USA)

- Led the redevelopment of Storiad's website, transitioning from WordPress to a custom-built platform using React, Laravel, and MySQL
- Engineered a robust backend architecture, ensuring efficient data management and smooth operation
- Successfully deployed the revamped website, resulting in a substantial user base expansion to nearly 1000 customers
- Partnered with a UI/UX team to design and implement a new, user-friendly interface using React, significantly enhancing the user experience
- Provided ongoing customer support, addressing technical issues and enhancing user satisfaction

FullStack Web Development

SE Factory

📅 11/2021 - 04/2022 📍 Lebanon

- Intensive full stack web development program covering cloud architecture, frontend and backend development, source control, web application security, in addition to soft skills, over 14 weeks of lectures, workshops, and projects.
- Developed a mental health app as a final project that connects patients with mental health providers to facilitate finding the right therapist:

  ● Mobile Application (React Native): Designed and developed a user-friendly mobile app:
- Enabled patients to log daily stats (mood, sleep hours and notes), engage in chats, and discover nearby psychologists.

  ● Backend Development: Leveraged Laravel and MySQL.

EDUCATION

Masters of Science in Clinical and Health Psychology

Bangor University

📅 09/2018

Bachelor of Psychology in Beirut, Lebanon

Lebanese American University

📅 07/2017
